

This Weekend and Next! Our Biggest Sale Ever!

Our 12th Annual

Summer Organic Plant Sale

**Celebrate Earth Day Weekend and
make this year's garden your best ever!**

Even though Earth Day was on Tuesday, there are lots of celebrations underway this weekend. How more Earth-Friendly can you get than Organic plants and fertilizers for your garden? And we'll also be helping the Earth a little piece of plastic at a time by once again collecting used plant packs, pots or trays to recycle at the [Agricultural Plastics Recycling Center](#) in Colfax. If ALL of us take an extra step, we CAN make a BIG difference!

You'll find hundreds of Certified Organic transplants including tomatoes (nearly 70 varieties of heirlooms and hybrids), peppers (40+ varieties of hot & sweet), eggplant and herbs. You'll discover many hard-to-find and unique varieties. We will also sell Strawberry hanging baskets, Blackberry and Raspberry plants, Ginger plants and Fig Trees along with veggie starts such as cucumbers, okra, squash, kale and watermelon. And you'll find a wide selection of soil amendments and fertilizers to keep your plants healthy.

Bonus! In addition to these gorgeous plants, we'll have things to eat. We'll have our first Summer Squash of the season along with our delicious Snacking Cucumbers and Sweet Potatoes! Yum!

Here are the details:

- **Friday, April 25 -- 10 to 3**
- **Saturday, April 26 -- 10 to 3**
- **Sunday, April 27 -- 1 to 4**
- **Friday, May 2 -- 10 to 3**
- **Saturday, May 3 -- 10 to 3**

We look forward to seeing you here at the farm!
